CMPS 1033 – Web Design
Presentation Assignment

Each student will give a 5 – 10 minute presentation to the class beginning Friday, October 29. Power Point Slides are required. All students are expected to be ready on that date, though the presentations will be distributed over several weeks. If you are called on to present and you are not ready, you will automatically lose 11 points off your grade.

You must turn in a short proposal for approval prior to the presentation. The proposal is due Friday, October 22 at midnight. Email me the proposal and I will respond. Duplicates will not be allowed so the first one to turn in the article will get it.

The Topic MUST be related to the Web, web pages, etc.

PROPOSAL:
Your name
Title & author of article
Name & Date of publication
3 – 5 sentence summary of the main point of the article

If you cannot get at least a 5 minute presentation out of the (short) article, pick different one.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

Pointers for Good Slides & Presentation:
1. Use like background with dark text
2. Make font simple and large enough to see from a distance.
3. Use short phrases for each point. Do not use complete sentences.
4. Use very little animation.
5. Include and image/chart/etc.; every third or fourth slide.
6. Do not put too much on a slide; at most 3 to 5 points.
7. When presenting:
   a. DO NOT FACE SCREENE
   b. DO NOT READ SLIDES
8. You may use notes
