Rise of the Hackers Video ~ https://www.youtube.com/watch?v=CqR5QVvTnps

Watch the next portion of the video on YouTube. Be prepared for a quiz at the end of class on Tuesday. Use the list below to help take notes. Be sure you can answer each question or discuss each topic in the list below plus anything else discussed in that portion of the video.

(2) Stuxnet – released 2008, discovered July 2010 – first cyber-weapon (~ 9 - 16 min.)

- Symantec
- Zero Day
- PLC
- Natanz Nuclear Plant
- Centrifuge
- How did malware get it?
- What did it do? How?
- How remained undetected?
- How much damage?
- Who did it?

~~~~~~~

NOTES on Quizzes & Exams:

- It is my custom to give different versions of quizzes and exams in the class. You may not have exactly the same questions as the person sitting next to you in class.
- For each quiz and exam, students will sit in every other desk, spread out across the room. Dr. H may ask you to move to a different seat. ALL personal materials & electronic devices will be removed from the top of the desk.
